Check the conference website regularly so as not to miss any piece of news. In addition, **we kindly keep asking you to fill in the questionnaire** in order to have a better indication of possible attendance and to keep you up-to-date. There are 50 of you who have already filled up the questionnaire and 43 of them say that they will come nearly for sure! We would like to thank them to help us better plan the event.

*Furthermore, ECPA is a great opportunity for you to do a two for one!!!!*

The academic quality of the proceedings will be guaranteed by an accurate editing through a peer review process by the scientific committee. After the conference, oral presenters will be invited to expand their manuscripts and submit them to a special issue of the Precision Agriculture Journal.

*Be sure, the higher the attendance the better we will work!!!!*

The ECPA conference is an excellent forum in Europe and worldwide to focus on specific Precision Agriculture topics while discovering what our colleagues are working on, enabling synergies and co-operation. Since March 3, when we launched the First Call, the ECPA2013 website has received 1565 visits from 1088 unique visitors from 66 countries worldwide.

Looking forward to welcoming you in Lleida.  
*Ens veiem a Lleida!*  
*¡Nos vemos en Lleida!*
